

Men Collage Prompts

Prompt 1 –

Create an ultra-realistic luxury men's fashion editorial collage using the uploaded reference photo as the exact identity reference. The collage features the SAME PERSON (the uploaded individual) in all six panels. Preserve the face with maximum accuracy, including the exact facial structure, hairstyle, forehead, eyebrows, eye shape, eyelashes, nose, lips, jawline, cheekbones, ears, skin tone, beard/stubble pattern, hairline, facial proportions, and overall identity. The face must remain instantly recognizable in every frame. Do not beautify, redesign, stylize, age, de-age, feminize, masculinize, or alter any facial features. Maintain complete facial consistency across all six portraits.

Ultra realistic luxury men's fashion editorial collage featuring the same person in six different cinematic lifestyle portraits, arranged in a clean magazine-inspired grid with thin white borders separating each frame. Every panel features the same individual wearing the exact same outfit, photographed during warm golden hour inside a modern minimalist apartment.

The subject wears an oversized ivory white linen button-up shirt with the top three buttons casually undone, exposing part of the collarbone and upper chest, sleeves loosely rolled to the forearms, paired with tailored black trousers. Accessories remain identical in every frame: a stainless steel luxury wristwatch, a thin silver bracelet, a minimalist necklace, and a subtle silver ring.

The lighting is entirely natural golden-hour sunlight streaming through large windows fitted with Venetian blinds, creating dramatic horizontal shadow patterns across the face, shirt, walls, and furniture. Warm amber sunlight produces cinematic contrast, realistic skin glow, soft highlights, and rich atmospheric depth.

Panel 1:

Close side-profile portrait looking toward the window. Strong jawline highlighted by warm sunlight. Relaxed expression. Dramatic Venetian blind shadows crossing the cheek, neck, and shirt. Exact facial identity preserved.

Panel 2:

Medium portrait sitting beside a window. Body turned slightly sideways while gazing thoughtfully outside. One arm resting naturally on the knee. Soft relaxed posture with warm cinematic window light.

Panel 3:

Tight emotional close-up with both hands gently covering part of the mouth. Luxury wristwatch prominently visible. Eyes partially hidden by natural hair strands. Cinematic shadow patterns across the face. Preserve every facial feature exactly.

Panel 4:

Casual mirror selfie holding a black smartphone in one hand while seated indoors. Soft golden sunlight illuminating the face and white linen shirt. Relaxed premium fashion aesthetic. Mirror reflection must accurately preserve the uploaded facial identity.

Panel 5:

Wide lifestyle portrait sitting comfortably in a vintage wooden chair. Legs naturally crossed. One hand touching the face while surrounded by warm evening sunlight. Minimalist apartment visible in the background with realistic depth.

Panel 6:

Close portrait photographed from behind and slightly to the side. Hand resting on the back of the neck while looking toward the sunlight. Emphasize the exact side profile, neck, hair texture, and facial silhouette matching the uploaded reference.

Environment:

Warm beige walls, wooden furniture, linen curtains, indoor plants, subtle Scandinavian and Japanese-inspired decor, minimalist apartment interior, clean architectural lines, soft room depth, natural shadows, cozy luxury atmosphere.

Photography Style:

Luxury fashion editorial, GQ magazine, Vogue Homme, Zara campaign, COS campaign, premium lifestyle photography, cinematic storytelling, minimalist composition, moody golden-hour aesthetic, natural window light only, photorealistic skin texture, ultra-detailed hair strands, realistic linen fabric wrinkles, HDR, razor-sharp focus, shallow depth of field, 85mm lens, f/1.8, ISO 100, 8K UHD, warm amber color grading, award-winning editorial photography, clean premium magazine layout.

Identity Preservation (Highest Priority):

Use the uploaded image strictly as the identity reference. Match the face with extremely high accuracy in every panel. Maintain identical facial proportions, hairstyle, hairline, eyebrows, eye spacing, nose, lips, jawline, cheekbones, skin tone, beard/stubble, and expression characteristics. Ensure perfect identity consistency across all six portraits. Only change the camera angle, pose, and framing—never the person's identity.

No text, no logos, no watermark, no magazine titles, no captions, no extra people, no additional accessories, no outfit changes, no AI artifacts, no facial distortion, no duplicated features.

Prompt 2 –

Create an ultra-realistic 2×2 portrait photo grid using the uploaded reference photo as the exact identity reference. The collage features the SAME PERSON (the uploaded individual) in all four panels. Preserve the face with maximum accuracy, including the exact facial structure, forehead, eyebrows, eye shape, eyelashes, nose, lips, jawline, cheekbones, ears, skin tone, beard/stubble pattern (if present), hairline, hairstyle, facial proportions, and overall identity. The face must remain instantly recognizable in every panel. Do not beautify, redesign, stylize, age, de-age, feminize, masculinize, or alter any facial features. Maintain perfect facial consistency across all four portraits

Create a clean 2×2 portrait photo grid photographed as if captured on a modern smartphone. Ultra-photorealistic editorial portrait photography with natural skin texture, visible pores, subtle film grain, shallow depth of field, and razor-sharp focus on the face. Every panel features the same person wearing the exact same outfit and accessories.

Outfit:

Black oversized hoodie with a clean minimalist design. A subtle silver chain necklace remains visible whenever naturally exposed. A minimalist silver ring is worn consistently in every panel.

Background:

Dark gray seamless studio backdrop with a premium editorial look. Soft diffused studio lighting creates smooth gradients and subtle shadows while maintaining realistic depth and separation from the background.

Panel 1:

Front-facing portrait with direct eye contact. One hand naturally placed under the chin. Calm, confident expression. Silver chain necklace clearly visible. Preserve the uploaded facial identity with absolute accuracy.

Panel 2:

Looking softly downward with a composed, thoughtful expression. Gentle shadow falling naturally across the jawline. Maintain identical facial proportions and hairstyle from the uploaded reference.

Panel 3:

Clean side-profile portrait with one hand gently passing through the hair. Silver ring clearly visible. Soft directional lighting sculpts the jawline and cheekbones while preserving the exact side-profile identity from the uploaded image.

Panel 4:

Slight confident smile while looking slightly upward. Relaxed effortless editorial pose. Accessories subtly catch the light. Maintain perfect facial consistency with the uploaded reference.

Photography Style:

Luxury editorial portrait photography, premium magazine aesthetic, smartphone photography realism, photorealistic skin texture, visible pores, natural facial imperfections, subtle film grain, shallow depth of field, HDR, razor-sharp focus, 4K ultra-HD quality, cinematic portrait, realistic hair strands, professional beauty retouching without over-smoothing, award-winning editorial photography.

Color Grading:

Cool-neutral tones, slightly lifted shadows, soft matte finish, clean natural skin undertones with a subtle warm base, muted highlights, deep dark background tones, preserved shadow detail, no crushed blacks, cinematic tone curve, slight desaturation for a premium editorial feel.

Identity Preservation (Highest Priority):

Use the uploaded image strictly as the identity reference. Match the face with extremely high accuracy in every panel. Preserve the exact facial structure, hairstyle, hairline, eyebrows, eye shape, eyelashes, nose, lips, jawline, cheekbones, ears, skin tone, beard/stubble pattern (if present), and facial proportions. The person must remain instantly recognizable from every angle. Only the pose, head angle, gaze direction, and camera framing may change—never the person's identity.

Negative Prompt:

Overly smooth skin, plastic look, excessive retouching, airbrushed face, harsh lighting, overexposed highlights, blown-out skin, blurry face, distorted anatomy, cartoon, illustration, CGI, artificial face, identity drift, face swap errors, inconsistent facial features, mismatched hairstyle, altered facial proportions, deformed hands, extra fingers, extra limbs, duplicate face, feminine features, ugly, low quality, oversaturated colors, flat lighting, watermark, logo, text, caption, border artifacts, AI artifacts.

Prompt 3 –

Create an ultra-realistic cinematic editorial portrait collage using the uploaded reference photo as the EXACT identity reference. The collage must feature the SAME PERSON (the uploaded individual) in all five panels. Preserve the face with maximum accuracy, including the exact facial structure, forehead, eyebrows, eye shape, eyelashes, nose, lips, jawline, cheekbones, ears, skin tone, beard/stubble pattern (if present), hairstyle, hairline, hair texture, facial proportions, and overall identity. The person must remain instantly recognizable in every panel. Do NOT beautify, redesign, stylize, age, de-age, feminize, masculinize, or modify any facial features.

The uploaded face is the highest priority. Every portrait must look like the same real person from the reference image. Only the pose, camera angle, clothing, lighting, and facial expression may change. Identity must never change.

Create a premium cinematic aesthetic men's portrait collage arranged in a clean luxury 5-panel editorial layout, inspired by modern fashion magazines. Every panel features only the uploaded person with perfect facial consistency.

Panel 1 (Top Left):

Close-up side profile looking away from the camera with a soft confident expression. Wear a clean white fitted T-shirt and a minimal silver chain. Warm cinematic light gently highlights the jawline and facial contours while preserving the exact side profile.

Panel 2 (Top Right):

Low-angle portrait looking slightly upward with a calm confident expression. Wear a premium black open-collar shirt. Natural posture with luxury editorial styling and subtle dramatic lighting.

Panel 3 (Center Bottom - Hero Portrait):

Seated on a modern chair with one hand resting naturally near the face. Wear a premium black button-up shirt. Calm thoughtful expression. This is the largest image in the collage and serves as the hero portrait. Maintain exact facial identity with maximum realism.

Panel 4 (Left Side):

Black-and-white cinematic side-profile portrait with dramatic studio lighting. Fashion magazine aesthetic with deep shadows and premium editorial composition.

Panel 5 (Right Side):

Black-and-white editorial portrait from a slightly different profile angle with confident expression, luxury fashion styling, and dramatic contrast.

Hair:

Keep the uploaded hairstyle exactly the same. Preserve the natural hairline, texture, curl pattern, direction, and volume. Only add a subtle premium textured finish without changing the hairstyle or identity.

Lighting:

Luxury cinematic portrait lighting inspired by high-end street photography. Moody dark tones, directional light, realistic highlights, deep cinematic shadows, premium contrast, and natural skin rendering.

Background:

Minimal dark editorial background with subtle cinematic atmosphere. Clean composition with no distracting elements.

Typography:

Integrate stylish handwritten typography into the composition.

- "Never look back"

- "Collect moments, not things"

Typography should appear in elegant red and white brush script, naturally blended into the editorial layout without covering the face. Make it resemble a premium fashion magazine design.

Photography Style:

Luxury editorial portrait photography, Vogue Homme, GQ, Zara campaign, COS campaign, premium Instagram aesthetic, cinematic storytelling, photorealistic skin texture, visible pores, realistic hair strands, subtle film grain, fine dust particles, light vintage scratches, HDR, razor-sharp focus, shallow depth of field, 85mm portrait lens, f/1.8, ISO 100, 4K ultra-HD, award-winning fashion photography.

Identity Preservation (Highest Priority):

Use the uploaded photo strictly as the identity reference. Match the face with extremely high accuracy in every panel. Preserve the exact facial proportions, hairstyle, eyebrows, eye spacing, nose shape, lips, jawline, cheekbones, ears, skin tone, beard/stubble,

and facial expressions. The person must look exactly like the uploaded reference from every angle. Never replace the face with a generic model or AI-generated look.

Prompt 4 –

Create an ultra-realistic luxury urban fashion editorial collage using the uploaded reference photo as the EXACT identity reference. The collage must feature the SAME PERSON (the uploaded individual) in all four panels. Preserve the face with maximum accuracy, including the exact facial structure, forehead, eyebrows, eye shape, eyelashes, nose, lips, jawline, cheekbones, ears, skin tone, beard/stubble pattern, hairstyle, hairline, hair texture, facial proportions, and overall identity. The person must remain instantly recognizable in every panel. Do NOT beautify, redesign, stylize, age, de-age, feminize, masculinize, or modify any facial features.

The uploaded face is the highest priority. Every portrait must look like the same real person from the reference image. Only the pose, camera angle, clothing, accessories, and lighting may change. Identity must never change.

Create a premium luxury urban-chaos fashion poster arranged in a clean 4-panel editorial collage inspired by modern street-fashion campaigns and high-end fashion magazines. Every panel features only the uploaded person with perfect facial consistency.

Wardrobe:

Premium dark chocolate-brown satin shirt with a luxurious sheen and natural fabric folds. Black tailored trousers. The shirt remains identical in every panel. Accessories remain consistent throughout: black premium sunglasses (only where specified), minimalist silver chain necklace, silver rings, and a luxury stainless-steel wristwatch.

Panel 1 (Hero Portrait):

Front-facing waist-up portrait with direct eye contact and a calm, confident expression. Black sunglasses worn naturally. Rich cinematic lighting creates glossy highlights on the satin shirt while preserving every facial detail.

Panel 2:

Clean side-profile portrait without sunglasses. Warm amber light defines the jawline, beard texture, cheekbones, and facial contours. Preserve the exact side profile from the uploaded reference.

Panel 3:

Seated editorial portrait in a relaxed thoughtful pose with one hand naturally near the face. Sunglasses removed. Soft cinematic lighting emphasizes realistic skin texture, beard detail, and luxury styling.

Panel 4:

Three-quarter back view revealing the rear of the satin shirt. The subject turns the head slightly toward the camera so part of the face remains visible and perfectly recognizable. A premium graffiti-inspired artwork is printed on the back of the shirt as part of the fabric design (not floating text or logos). The artwork should resemble luxury designer streetwear.

Hair:

Maintain the exact hairstyle from the uploaded reference. Preserve the natural hairline, hair texture, density, direction, and volume. If slightly messy in the reference, retain the same natural messy appearance without changing the hairstyle.

Facial Hair:

Preserve the beard and moustache exactly as in the uploaded image, including density, edges, growth pattern, texture, and color.

Lighting:

Luxury cinematic warm lighting with rich brown, bronze, and amber tones. Moody editorial atmosphere with dramatic highlights, soft shadows, realistic contrast, and premium street-fashion styling.

Background:

Minimal urban-inspired studio environment with dark textured walls, subtle concrete details, soft haze, cinematic depth, and luxury street-fashion ambience. Clean composition with no distractions.

Photography Style:

Luxury editorial fashion photography, GQ magazine, Vogue Homme, Saint Laurent campaign, Zara Studio, COS campaign, premium streetwear campaign, cinematic storytelling, photorealistic skin texture, visible pores, realistic beard detail, ultra-detailed hair strands, HDR, razor-sharp focus, shallow depth of field, 85mm portrait lens, f/1.8, ISO 100, 8K ultra-HD, high contrast, award-winning editorial photography.

Color Grading:

Rich brown and amber cinematic tones, soft matte finish, preserved shadow detail, deep blacks without crushing, subtle film grain, premium luxury color science, cinematic tone curve.

Identity Preservation (Highest Priority):

Use the uploaded image strictly as the identity reference. Match the face with extremely high accuracy in every panel. Preserve the exact facial structure, beard, hairstyle, hairline, eyebrows, eyes, nose, lips, jawline, cheekbones, ears, skin tone, facial proportions, and expression characteristics. The person must remain instantly recognizable from every angle. Never replace the uploaded face with a generic fashion model. Only the pose, clothing, lighting, and camera angle may change.
